A VOICE

From the Executive Mansion.

MR. A. K. HAWKES—Dear Sir: The panto-scope glasses you furnished me some time since give excellent satisfaction. I have tested them by use, and must say they are unequalled in clearness and brilliancy by any that I have ever worn. Respectfully,

JOHN B. GORDON,
Governor of Georgia.

ALL READY TO START

The Presidential Party Coming Westward.

EN ROUTE TO KANSAS CITY.

Time Table for the Entire Journey and the Places at Which He Will Stop—The Return Trip Not Yet Fully Decided Upon—He Will Be Absent from Washington About Eight Days.

WASHINGTON, Oct. 6.—President Harrison will leave Washington to-day for his western trip, to be absent eight days. The presidential party will consist of the president, Secretary Tracy, Marshal Ransdell, Capt. Meredith, Secretary Halford, Mr. Tibbitts, the executive mansion stenographer, and G. G. Bain, representing the United Press. A representative of the Associated Press will join the party at Cincinnati.

The special train, in charge of Charles R. Bishop, general eastern passenger agent of the Chesapeake and Ohio railway, who will accompany the party during the entire journey, will leave at 11:20 a. m., via the Chesapeake and Ohio road for Cincinnati. Arriving at Cincinnati early Tuesday morning, the party will leave at 8 a. m., and make short stops at various points between Cincinnati and Danville, Ill., not heretofore announced. The train will arrive at Lawrenceburg, Ind., at 8:40 a. m., North Vernon, 10:15, Seymour, 10:40, Mitchell, 11:35, Washington, 12:40 p. m., and Vincennes, 1:30 p. m. Thence over the Evansville and Terre Haute road, arriving at Sullivan at 3 p. m., Terre Haute, 4 p. m., Hillsdale, Ill., 5:25, Cayuga, 5:55, and Danville at 6:30 p. m.

From Danville the party will go over the Indianapolis, Bloomington and Western road to Galesburg, Ill., where they will arrive 9:50 Wednesday morning. From Galesburg to Ottumwa, Iowa, and westward to Kansas City and return to Washington, the itinerary of the trip outlined in these despatches two days ago will be adhered to. It is not positively decided yet whether the president will on his return trip remain in St. Louis until late next Saturday night, but if train arrangements can be made to bring him to Indianapolis early on Sunday morning, the party will not leave St. Louis until 1 p. m. that night. The president and party will travel the entire journey in an elegant hotel car furnished by the Chesapeake and Ohio railway. Portions of the journey will be made as a special train and other portions with the special car attached to regular express trains.

A BIG MORTGAGE.

Over Twelve Million Dollars Loaned on an Indiana Railroad.

LEBANON, Ind., Oct. 6.—There has been received for record in this county a \$2,800,000 mortgage, at a rate of 5 per cent. interest, given by the Louisville, New Albany and Chicago railway to the Central Trust company, of New York, and John H. Stotzenberg, of New Albany, Ind.

It is given on 312 miles of road at \$25,000 per mile, which includes all of their main lines, and Bloomfield and French Lick Springs extension. The loan was made upon 82,641 affirmative votes of shareholders, which was more than a majority.

The company is to pay off outstanding loans against them for \$10,000,000, that were given in 1880 at a rate of 6 per cent. interest, and to use the surplus to improve the condition of the road, including equipments, buildings and facilities.

Heavy Shipments of Barley.

OSWEGO, N. Y., Oct. 6.—The harbor is full of barley-laden vessels from Canada, about 300,000 bushels being afloat. The total importation of barley at this port for the past thirty-five days has been 1,500,000 bushels. Twenty-seven thousand dollars in duties were collected at the customs house Saturday night. Every available craft was pressed into the service, to get the grain here in time. The last ones to leave Canada were instructed to return to Canada with their cargoes if they could not make Oswego by midnight Sunday night.

Double Murder for Three Dollars.

BELLEVILLE, Ill., Oct. 6.—While out nutting yesterday afternoon, seven miles east of this city, on the Masontah road, Lorenz Karius and Lorenz Muetzen came across the senseless bodies of a negro man, aged 70, and his daughter, 40, with their throats cut from ear to ear. The woman revived sufficiently to tell a terrible story of the crime. She said that they were attacked while sleeping by an unknown man, who cut their throats and robbed them of all the money they had—\$3. Both father and daughter died shortly after being discovered.

Standing by Their Pastor.

PITTSBURG, Oct. 6.—A special to The Times from Scranton, Pa., says: Last night the Plymouth Congregational church at a members' meeting, attended by over 500 of the congregation, unanimously refused to accept the resignation of the Rev. Peter Roberts, their pastor, who was convicted on Tuesday of a breach of promise preferred by Miss Annie Husaboe, and to whom the jury awarded \$3,000 damages. Very few of the members were absent from the church.

Will Turn State's Evidence.

LEAVENWORTH, Kan., Oct. 6.—John Mettman, husband of Mrs. Teresa Mettman, who was foully butchered here last March was rearrested on suspicion Friday night. Last night he sent for his attorney, and will turn state's evidence against C. A. Benson, recently arrested at Camden, N. J., and Mrs. Rautzahn, his daughter, who is in jail here. All three are implicated.

TRAIN ROBBERS CAPTURED.

The Two Robbers of the Missouri Pacific Train Locked Up.

LEXINGTON, Mo., Oct. 6.—The Otterville train robbers were captured yesterday at Elmira, near here, and are now in jail in this city. Detective Thomas Furlong has been quietly working on the case since Aug. 16, when a Missouri Pacific train was held up by masked men in Robbers' Cut, near Otterville. Last evening, in company with deputies, he proceeded to the house of Horatio S. Hines, a farmer near Elmira, and arrested him and his pal, Frank Hoffman, a country sport and all-round tough.

The men were securely handcuffed and brought to this place. It was at first said that five men were engaged in the robbery, but it now seems that Hines and Hoffman, unaided, held up the train. While one covered the engineer with his revolver the other forced Express Agent Avery to surrender to contain money, but subsequent developments showed that these amateur bandits had made a water haul as the packages contained less than \$100 worth of jewelry and railway vouchers.

A BRIDE SUICIDES.

A Young Girl Takes Her Own Life a Few Hours After Her Wedding.

REDWOOD, Cal., Oct. 6.—A highly sensational suicide occurred here Sunday morning. Saturday night Louis Eslinger, aged 22, was married to George Wehrin, at the residence of her uncle, C. Groner. At 4 o'clock Sunday morning she and her husband went to their new residence. She refused to allow him to enter her room and he was obliged to return to Mr. Groner's house.

At 6 o'clock he returned to his home and found his wife dead in bed. In the bed were a few grains of a crystal substance, the nature of which has not yet been ascertained. She left no word of explanation. Miss Eslinger had been in Redwood for six weeks and had been engaged to Wehrin only four weeks. It is surmised that a former lover in Portland, Ore., had proved false to her.

Fresh Gold Fields in Wyoming.

DENVER, Col., Oct. 4.—The reported finding of gold deposits near Saratoga, Carbon county, Wyoming, is being confirmed by a number of persons who have, within the past few days, visited the camp and satisfied themselves of the truth of the discovery. Gold Hill, as the new camp is called, is located twenty miles east of Saratoga in the Medicine Bow range of mountains. Prospecting has been going on for years and the region has always been looked on as the scene of future mining operations of an extensive character. Up to this time fifteen distinct and separate gold bearing quartz leads have been discovered and located.

Had No Use for a Bank.

ST. PAUL, Minn., Oct. 6.—Steve Zenga, a miser, living on the Missouri river near Chamberlain, S. Dak., discovered yesterday that he had lost a fortune in a peculiar manner. It had been his custom for several years past to secrete his surplus cash in a cellar under his house instead of placing it in a bank. The pile had gradually accumulated until the total reached over \$50,000, all in greenbacks in denominations of from \$1 to \$500. On visiting his secret hoard yesterday he found that rats and mice burrowed in an chewed up the bills until they were entirely worthless.

Mail Department Changes.

WASHINGTON, Oct. 4.—Capt. J. E. White, superintendent of the Chicago division of the railway mail service, has been appointed general superintendent of the service in place of J. Lowrie Bell, who becomes second assistant postmaster general. Louis L. Troy, assistant superintendent of the Chicago division has been made superintendent of the division. The postmaster general has issued the order placing the railway mail service under the supervision of the second assistant postmaster general.

Good Showing for Augusta, Georgia.

AUGUSTA, Ga., Oct. 6.—The Chronicle's trade review of Augusta for the past year shows that Augusta's cotton mills spun 9,000 bales of cotton, producing \$6,000,000 worth of products. Cotton receipts were over 200,000 bales; fertilizers manufactured and sold \$2,000,000; wholesale and retail grocery trade, \$30,000,000; total business, \$70,000,000. Twenty-six miles of electric railroad have been built and are in operation.

Preparing for the President.

GALESBURG, Ill., Oct. 6.—Extensive arrangements have been completed for the reception of President Harrison when he arrives here next Wednesday. A message received from Governor Fifer yesterday says that Gen. Vance with Battery D, has been ordered here. The reunion of the One Hundred and Second regiment will be held on Tuesday and the Ohio and Indiana regiments will arrive that morning.

Fatal Result of an Accidental Shot.

MARTINSVILLE, Ind., Oct. 6.—George Strader, who was accidentally shot Saturday while out hunting with his friend, John Smith, of Brooklyn, died at 6 o'clock last night. The attending physician states that death was caused by the shock to the nervous system and not from the wound. Young Smith was to have married a sister of Strader on Sunday next, and is almost crazed over the sad affair.

Gophers Foiled.

ALLIANCE, O., Oct. 6.—Entrance was effected Saturday to the office of the Street Railroad company by prying open the front door. A hole was drilled clear through the outer and inner doors of the safe, a distance of twelve inches, and two attempts were made to blow it open, which were heard by a man living across the street, but who was unable to locate the noise. The gophers then departed without

LONG STRIKE ENDED.

Binghamton Cigarmakers Give

Up Their Fight.

DISASTROUS TO BOTH SIDES.

Two Factories Have Been Compelled to Make Assignments, and a Vast Amount of Want and Suffering Among the Strikers—Other Labor News.

BINGHAMTON, N. Y., Oct. 6.—The long and bitter struggle between the cigarmakers of this city and their employers ended last night. The men held a meeting yesterday evening and voted to declare the strike off. The fight has been the most disastrous ever experienced here. Two factories have been compelled to make assignments, and on the other side there has been much want and suffering among the families of the 3,000 men called out, many of them having been compelled to ask aid from the poormaster.

It is fifteen weeks to-day since the strike was ordered. Some of the shops have been able to procure nearly all the men they need, and it will be difficult for many of the strikers to obtain employment here. It is reported that the conspiracy cases brought by the manufacturers against the leaders of the strike will be vigorously prosecuted.

STRIKE AGAINST NEGROES.

Race and Labor Trouble on the Houston and Texas Central Railway.

CHICAGO, Oct. 6.—A special to The Tribune from Houston, Tex., says: The Houston and Texas Central railway has employed negro switchmen in the yards for several years. About two weeks ago a demand was made for their removal, the places to be filled by whites. The demand was refused and the firemen all struck. Grand Master Wilkinson has been sent for and has been in the city two days, trying to adjust matters amicably, but without avail, as the officials of the Central are firm in their position, arguing that if the colored men are good enough to sit in the councils of the Knights of Labor, they should be good enough to work with.

Grand Master Wilkinson has wired to all members of the executive council of the Railway Federation which recently met in Terre Haute, to come to Houston at once and the impression is general that a strike is imminent. The Southern Pacific may also be involved, as both roads are in the Huntington system.

Telegraph Operators Get an Increase.

TERRE HAUTE, Ind., Oct. 6.—It is learned on reliable authority that as a result of the conference between President Mackey and the men on his road, assistant telegraph operators will be placed at several stations, which will make the work lighter, and a general increase of from \$10 to \$15 a month was granted the operators, while the office clerks will be given a substantial increase as well. No operator will be paid less than \$40 per month. The increase places the men on an equal standing with the best paid men on any road. The Terre Haute wage question will be adjusted to-day.

A WOMAN'S PRESENCE OF MIND.

She Saves Herself from Death by Fighting a Wild Steer.

BELLEVILLE, O., Oct. 6.—Mrs. Lena Robinson, who is visiting her father, Mr. Ben. Green, of this city, displayed rare presence of mind and energy Saturday evening, thereby escaping terrible injury and perhaps death itself.

As one of the butchers of this city was driving a rather wild steer along Mad River street, it ran into Mr. Green's yard and started for the open door of the front room, in which Mrs. Robinson was sitting by a window. When she saw the animal, which appeared greatly infuriated, start for the door, she rose to close it.

The butcher called to her, "For God's sake, run for your life." Instead of trying to run from the room, however, she seized a chair, and just as the animal put its head through the door she struck it a blow across the eyes that stunned it and made it retreat, when the brave woman quickly closed the door and then fainted. It would have been almost impossible for her to have escaped from the room, for the only other door from the room opened into it and was so situated that the infuriated animal would have been upon her before she could have passed through it.

Postoffice Robbed by Masked Men.

FORT WAYNE, Ind., Oct. 6.—The postoffice at Heller's Corners, nine miles north, was robbed Saturday night by three masked men, who forced the postmaster's wife to procure for them the money. Adjoining the postoffice is the residence of Postmaster Hathaway. Two ruffians appeared at his bedside, covering both Hathaway and his wife with their revolvers. Mrs. Hathaway was directed to get up and go to the postoffice for the money. One of the ruffians accompanied her. She found \$25 which she handed over with trembling hands. She was then permitted to return to her bed where her husband was covered by the pistol of the other fellow. The men then left and have not been arrested.

Arrested for Embezzlement.

NEW YORK, Oct. 6.—Ernest Riail, who was arrested at the St. James hotel yesterday on a telegram from Omaha, Neb., for embezzling \$18,000 from Richard J. Straight by bogus land transactions, was arraigned in police court Saturday morning. Mr. Straight was present and said he had no desire to prosecute Riail and that he had made a mistake in causing his arrest and he could not bear the expense of taking the prisoner back to Omaha for trial. Riail was discharged.

JOHNSTONE, THE MIND REA

Plays Base Ball Blindfolded According to Mental Direction.

CHICAGO, Oct. 6.—Paul Alexander Johnstone, the mind reader, whom a professor in the State University of Michigan claimed to have exposed, was to have played base ball blindfolded at the National League grounds Saturday afternoon, but rain interfered, and the game was called in consequence.

Johnstone gave a private exhibition before several members of the press and a large number of spectators, and seemed to fully demonstrate that he could, without seeing, play the points of the game as well by another person. Johnstone's hood was thoroughly examined before and immediately after the close, and there was no evidence of any fraud in connection with it. In addition to the hood, his eyes were tightly bandaged.

Elmer Foster, the center-fielder of the Chicago National League club, in speaking of the exhibition, said: "I was present and saw Johnstone, while blindfolded, bat, catch and run bases, controlled by the will of Captain Anson and Mr. Wilmot. His hood was carefully examined both before and after the exhibition, while on the field, and there was no possible chance of any deception. It was the most wonderful performance I ever witnessed."

Johnstone says, in reference to the Michigan university doctors offer of \$500 if Johnstone will read the doctor's mind, that he (Johnstone) is willing to undergo any series of tests providing some responsible paper will appoint a committee of ten persons whom he can work through.

THE FIRE AT COLON.

Further Particulars of the Great Disaster Reported to Washington.

WASHINGTON, Oct. 6.—The United States consul at Colon in a report to the department of state, dated Sept. 23, in regard to the recent fire, says that it commenced about 12 o'clock on the night of the 23d, and kept on until the business part of the town was totally destroyed. It is estimated that more than 200 business houses were destroyed with all their contents and goods, probably worth \$2,500,000. The houses were all frame buildings of a cheap standard.

Owing to the very large quantity of alcohol and coal oil in stock, the fire was at once beyond control. There was little or no insurance on the stock. Outside of this loss the Panama railroad lost \$50,000, a number of cars loaded and unloaded being destroyed on the track, as well as the offices of the company.

The consul says the fire was the work of incendiaries, doubtless due to the dissatisfaction of the railway employees and the probable reduction of the force. Rumors were rife that the American part of the town would be fired in consequence of the quarters the guards were doubled, the quarters patrolled and a few shots fired.

The United States ship Kearsarge left on the 23d for Greytown. The consul says that owing to the great loss he deemed it his duty to inform the prefect, who lost everything, that he would shelter and board such Americans as would call upon him for aid. The Kearsarge, when her officers learned of the fire, returned to Colon.

PRESIDENT YOUNG TALKS.

What He Has to Say on the Past Base Ball Season.

WASHINGTON, Oct. 6.—"While the season which ended Saturday, has not been a financial success," said President Young, of the National League, to a reporter, "still the finish finds our organization a hundred per cent. better off than we expected about the first of July, 1890."

"All our clubs are intact, and there is not a penny owing to a man who contracted to do business with the National League, and, consequently, we have experienced no difficulty in securing all the talent we desire for the year 1891."

"One thing can be relied upon, and that is, despite stories of deals, amalgamations and compromises, the League will be found at the old stands next season, and doing business in its accustomed channels."

Held Up a Burglar.

CINCINNATI, Oct. 6.—The residence of Mrs. Gray, on west Fourth street, near Russell, in Covington, was entered by a burglar at 2 a. m. A young lady, who is visiting Mrs. Gray, was awakened by the marauder and procuring a revolver made an investigation. She discovered the fellow concealed behind the door, and pointing the weapon at him, cried, "Throw up your hands." He obeyed, and the young lady fired four shots into the air. The police were attracted to the scene, and the intruder was taken to the station house.

A Woman Poisons Her Neighbor.

ROME, Ga., Oct. 6.—There is great excitement here over the discovery of the poisoning of Mrs. M. A. Wimple by her friend and next-door neighbor, Mrs. Doss McKee. Money was the cause of the act. Mrs. Wimple lies at the point of death, and a warrant has been issued for the arrest of Mrs. McKee, who has left here, and the Sheriff has been unable to locate her.

Bigamist to Be Tried for Murder.

BUFFALO, Oct. 6.—The trial of Arthur Day, the bigamist of Rochester, who, it is alleged, sought to hide his crime by pushing his first wife over the cliff at Niagara Falls, will come up at the Falls assizes to-day, and promises to attract about as much attention as the famous Birchall case. Mrs. Charles H. Quigley is the most important witness against the defendant.

Failed to Agree.

ST. LOUIS, Oct. 6.—The executive committee of the Southwestern Railway and Steamship association held two long sessions Saturday. No one could be found on whom all the members could agree for chairman and another meeting be held in Chicago to-morrow.

DEMOCRATIC TICKET.

For Congress,
HON. THOMAS H. PAYNTER,
 of Greenup County.

The advance in the price of tin and solder furnishes a good object lesson in the great issue of the day.

The Maysville Republican talks like it knows something about "collars." Well, it ought to, as it has been wearing one or two all its life.

Hon. LESLIE T. APPLGATE, of Falmouth, has entered the race for Congress in the Covington district. With Hallam, O'Hara, Dickerson, Applegate, Berry and a few more in the field, the fight for the nomination promises to be an animated one.

The Maysville Republican's talk against Tom Paynter so far is on the order of the whimperings of an angry child. It realizes, no doubt, that the people of this district intend sending Mr. Paynter back to Congress, and it knows it can't show any good reasons why they should not. That's what hurts.

"I CANNOT find words to express my regret at the passage of the measure (McKinley Tariff bill.) It is ruinous to our best interests, and it will do an infinite amount of harm. I second every word Mr. Blaine wrote in the matter. I cannot understand how public men can be so blind to the interests of the country at large to pass such a bill. It is the most terrible blow that has been struck at the Republican party during its existence."

That sounds like Democratic talk, doesn't it? This scathing denunciation of the McKinley bill was uttered Thursday by a Republican—ex-President R. B. Hayes. The people have to submit to this iniquitous measure, but they can express their indignation at the polls in November. And the indications are they intend doing that very thing. The next House of Representatives will be Democratic.

Tinware is advancing in cost and very soon the manufacturers will have their own way and we will have to pay very much more. In view of this state of things, we made sometime since large purchases of kitchen tinware at what was then a low price and would be far lower now in the face of two advances in prices.

Now who do you suppose wrote the above? Mr. Wanamaker, the Postmaster General under this Republican administration; at least it appeared in an advertisement by his Philadelphia firm in a paper last Thursday. "Tinware is advancing in cost," he says, but he does not say that this advance is due to the new Republican tariff. It means that about 60,000,000 people in this country will now have to pay more on every article of tinware, just for the benefit of a few individuals. Doesn't Wanamaker say "the manufacturers will soon have their own way, and we will then have to pay very much more" than we pay now? Verily "the tariff is a tax."

"The Fine Italian Hand."

"The fine Italian hand of Morg. Thomas, one of the slickest and wildest Republican politicians in this State, is day by day seen more plainly in the effort to bring forth a so-called Alliance candidate against Paynter in this district," says the Cynthiana Democrat. "Bruce and Huff having flickered out, they are now trying to saddle A. M. Laug, the chicken fancier of Lewis, on the Alliance, and with the endorsement of the Republican convention, send him forth on a second Knight of La Mancha campaign in an attempt to defeat the Democratic candidate. If Laug is a sensible fellow he'll stick to chicken coops and let Tom Paynter alone."

Religious.

The millionaire John D. Rockefeller has given \$1,600,000 to the Baptist University at Chicago.

Rev. C. C. Cox, of Carlisle, has been called to the pastorate of the Baptist Church at Cynthiana.

During his discourse Sunday, Dr. Cooper very solemnly asked: "Where are the men during public services in the churches?" It would be well for the men of town to stop long enough in the "whirl of business" to answer this question, each for himself.—Cynthiana Democrat.

The Southern Presbyterian Church statistics show 71 Presbyteries, an increase of two over last year; 1,179 ministers, an increase of 34; 2,400 churches, an increase of 79; 11,400 additions on examination, an increase of 1,499, and 168,791 communicants, an increase of 7,049. The contributions for all purposes have increased, except for education, which has fallen off nearly \$16,000 below the unusually large sum of \$54,868 of last year. The total for congregational purposes and benevolence is \$1,727,263.

CORN, WHEAT, TOBACCO.

What the State Commissioner of Agriculture Says of these Crops in His Monthly Report.

Mr. Charles Y. Wilson, State Commissioner of Agriculture, devotes most of his monthly crop report, recently issued, to the condition and yield of corn, wheat and tobacco. He says:

"There has been a steady improvement in the condition of corn since the rains in the early part of August. The average is about 91 per cent. of '89. The condition September 1 was 75 per cent. of '89. Since that time the improvement is 10 points, the condition now being 85. The stalk is yet very sappy; but if frost does not damage it before the 15th it will generally be out of danger, except the very late planting. Some counties, where there was no drouth, have a fine crop with a well filled ear. Some other counties, where there was a drouth, show a condition as low as 40 per cent. There is a very considerable amount of old corn yet in the hands of producers.

"Wheat threshing is about completed, and in order to get at the product per acre, I sent to all my correspondents a book, in which threshers were asked to take an account of each job threshed, and report total number of acres and total yield. By this means I hoped to closely approximate the average per acre in the State. Many of these books have not been returned. So far as returns have been received 44,375 acres produced 546,165 bushels, which is an average of 12 1/2 bushels to the acre. The sections reporting are over an average in wheat production, and it is fair to assume the general State average will be less. None of the wheat is reported as classing better than number two. The berry is generally small and shriveled, on account of the freeze in March, root lice and the green aphid, or plant louse, which attacked the heads during the milky stage.

"In my report of Sept. 4th I gave the average of tobacco, 1890, at 82 per cent. of the '89 acreage, and condition at that time 85 per cent, with about 5 per cent. cut. Since that time the condition on the hill has improved, and is now 90 per cent. The situation is about as follows, obtained from the most reliable sources: The leaf is generally large and spready, showing a vigorous and sappy growth, except on hills and poor lands. The August and September rains gave it a new growth, which prevented early ripening, and the crop is fully two weeks late. During the first two weeks of September the weather was warm and sultry, with almost a total absence of sunshine, which has resulted in a great deal of the early cutting being house-burned. A great deal of the crop is being cut green, and is badly worm-eaten. Owing to the sappy condition, it will require a great deal of house room, with which the growers are not generally sufficiently supplied. At this writing the weather conditions are very unfavorable, and the crop can not mature before the 15th of this month. Where it was properly cultivated, cut and housed in open weather, with plenty of room, some exceptionally fine crops are promised. In Western and Southern Kentucky the crop promised on the hill to be a very useful one; the deficit occurring in the acreage. Good authorities in the six original Blue-grass counties say, taking all things together, the crop will be the meanest for years. The sappy condition of the plant, late maturity, and want of sunshine, and general unfavorable weather conditions, warrant the absence of high color, except in rare instances. It is estimated that three-fourths of the crop has been cut, with a good per cent, yet on the scaffold. Should we have no frost before the 15th, with open weather, the condition, would be enhanced. We may expect a very considerable portion will be damaged by barn-freezing."

Millinery Announcement.

We have an elegant and complete line of millinery, and are now preparing for our regular reception to be held Tuesday and Wednesday, October 7th and 8th.

Mrs. L. V. DAVIS.

A Card of Thanks.

Haucke's Reed and Brass Band return thanks to Mr. Jack Moore, of Fern Leaf, who was so kind in assisting them during the storm they were in on Saturday night when returning from the Germantown fair.

President Harrison.

President Harrison and a party of friends left Washington City this morning for Galesburg, Ill. They are coming West over the C. & O., and will pass through Maysville early to-morrow morning.

A BIG CROWD.

The Attendance at the Fair Saturday the Largest Ever On the Grounds.

The crowd at the Germantown fair Saturday is said to have been the largest ever on the grounds.

It was closing day, and the people for miles around turned out to mingle with each other in friendly intercourse, and witness the fine display of live stock in the arena and the exhibition in the art and other departments in the floral hall. The week's meeting was a successful one. Following is a list of the prize-winners Saturday:

FAIR NOTES.

Ben Kaign, of Newport, was a guest of W. P. Smoot and family.

V. O. Pinckard, formerly of Germantown, was on hand Saturday.

Saturday was the biggest day we have ever had on the grounds. The crowd by honest count was 20,000.

W. V. Weldon, modest Billy of the Augusta Vindicator, was present, but never showed up at the Secretary's office.

Dr. A. H. Wall, Mr. Evan Lloyd and Dr. J. M. Blackerby, three of the original charter members, were all present Saturday.

The President wishes to tender his sincere thanks to the unknown donor of the beautiful bouquet handed him on Saturday.

Miss Hattie Owens, of "Crab Orchard Farm," and Miss Alice Forman, of Washington, were among the admired ladies who appeared in the promenade Saturday.

Miss Maud Goodrich, of Chicago, was the guest of the popular President, Mr. W. P. Smoot, and attended her first fair. She expressed herself as very highly entertained.

Colonels Craddock and Herndon offered to go up in the balloon, provided two handsome widows could be found to go with them. The widows were found, but declined with thanks.

James Ross, of Madisonville, Ky., son of Dr. Ross, was on hand Saturday. His mother was formerly Miss Dimmitt, daughter of R. P. Dimmitt, deceased, well known as a merchant and tobacco buyer.

Professor Kaiser's balloon ascension Saturday was the crowning effort of his adventuresome life so far. He cut loose when 7,000 feet in the air, and landed upon a house nearly two miles distant from the grounds, not hurt and as fresh as a daisy.

Colonel John B. Herndon dined Friday and Saturday with Mr. Evan Lloyd, Mr. S. M. Worthington and President Smoot. He enjoyed the feast and introduced his friend, Colonel Craddock, to a number of attractive ladies whom he met at those tables.

Lee Fox and wife, John Clift and wife and Jacob Worthington and wife were present from Mayslick. Mr. Fox is voted by all as one of the most popular young men that ever attended the fair. "Chic" is always glad to welcome such people as above named.

Colonel J. G. Craddock, the versatile editor and ubiquitous reporter from Paris, was on deck Saturday, the guest of Colonel J. B. Herndon. Colonel Craddock, to have made as many narrow escapes from matrimony as he has, is looking hale and hearty.

Professor William Kaiser, the young areonaut under the management of Professor Davidson, is the most daring and lucky balloonist in the profession. His narrow escapes from death are many. As a gentleman, (as well as Professor Davidson's entire company) he can not be excelled in deportment.

FLEXIBLE, DAINY, HEALTHFUL.

Cork Sole Turned Shoes

Are as flexible and dainty as the finest turn, and are the easiest walking Shoe made, the cork acting as a cushion to the foot. The cork being secured in a pocket, thus forming a part of the Shoe, it is impossible for it to work loose or break up. They are also the most healthful Shoe, as CORK IS A NON-CONDUCTOR OF HEAT AND MOISTURE. It prevents the warmth of the bottom of the foot from radiating and escaping in cold weather, and in warm weather it prevents the heat from the pavements from penetrating the foot.

LADIES wearing our Cork Soled Turned Shoes needn't fear cold, hot, damp or rough walks. They are as flexible and dainty a Shoe as the lightest turned Shoe made. Come and see them; they are a thing of beauty and comfort. Come and see, also, the largest retail stock of Boots and Shoes in the State. Selling at 25 per cent. less than anybody else sells them.

LOST HIS ROLL.

**William J. Elliott, of Evansville,
 Claims He Was Robbed
 of \$4,450.**

**He Thinks a Chance Acquaintance
 Picked Up at Cincinnati Got
 Away With the Cash.**

William J. Elliott, claiming Evansville,
 Ind., as his home, arrived here yesterday
 morning. He was a passenger up from
 Cincinnati on the Portsmouth packet
 Louis A. Sherley, and started to this city
 with a view of locating here and engaging
 in some business. That's the story he
 told, but it is not likely that he will be
 able to engage in business here or any-
 where else on a very big scale just at
 present. And thereby hangs another
 story.

Mr. Elliott claims that he was robbed
 of \$4,450 on the Sherley Saturday night.
 He says before leaving home his wife ad-
 vised him to deposit the money in bank
 and get a certified check for it, and he
 intended doing this, but on going to the
 bank found it closed for the day. He
 then came on to Cincinnati, thinking
 that he would attend to the matter there,
 but he forgot to do so.

He had heard a good deal of Maysville
 and was coming here with a view of en-
 gaging in business if the place pleased
 him.

While waiting for the steamer at Cin-
 cinnati, he concluded to take in the mat-
 inee at Havlin's Theater. There he met
 some fellow, and it seems the two were
 not very long in striking up an acquaint-
 ance. The individual was no doubt a
 "sharper" and was "laying" for just such a
 fellow as Elliott. He learned where
 Elliott was going. He, too, was en route
 to Maysville. After the matinee they
 started to the boat, and on their way
 stopped at a saloon or two. Elliott treat-
 ing the stranger and the stranger treating
 Elliott.

Reaching the landing they both took
 passage for Maysville, the stranger regis-
 tering as "Mr. Walker." After a while
 Mr. Walker complained of having a
 headache, and said he would lie down
 and take a rest. He inquired and was
 told the number of Elliott's stateroom,
 and with the remark, "I'll see you in the
 morning," left his new friend.

Elliott retired sometime afterwards,
 and when he awoke yesterday morning
 his money was gone. Inquiry at the
 cler's office developed the fact that "Mr.
 Walker" was gone also, and Mr. Elliott
 concluded that his cash and his new
 friend had disappeared together. Fur-
 ther investigation brought out the fact
 that "Mr. Walker" left the boat either at
 Foster or Augusta.

The steamer reached Maysville shortly
 after daylight Sunday morning, and Mr.
 Elliott took the first train afterwards—
 the Russell accommodation—for Cincin-
 nati to place the case in the hands of de-
 tectives. The money consisted of forty-
 four 100-dollar bills and one 50-dollar bill.
 Elliott consulted Marshal Heflin while
 here, and the Captain expresses the op-
 inion that the fellow was not robbed on
 the Sherley.

Lecture.

Miss Flavin, of Liverpool, England,
 will deliver a lecture on the celebrated
 "Leper-Apostle Father Damien; the
 Hawaiians, their Kingdom and the His-
 tory of Leprosy," at the court house Mon-
 day, October 13th, for the benefit of the
 Sisters of the Visitation, Maysville. Miss
 Flavin's name will be familiar to many as
 that of the brave English woman, who
 made the heroic offer of her life as volun-
 teer nurse to Father Damien's outcast
 leper flock at Molokai, in the Hawaiian
 Islands. For a number of years she
 awaited the acceptance of her applica-
 tion at the hands of the Hawaiian Gov-
 ernment, only to be disappointed in the
 end. Through a long continued corre-
 spondence with the late Father Damien,
 Miss Flavin has an intimate knowledge
 of the Molokai mission, and brings a
 wealth of language to her subject which
 has justly gained her a wide-spread reputa-
 tion as a platform speaker. For more than a
 year, she has been touring through the
 United States, and among many expres-
 sions of approval from the press, the New
 York Sun may be quoted. It says: "In
 addition to having chosen Father Damien
 as an interesting and opportune subject
 for her lecture, Miss Flavin brings to her
 work exceptional care and culture, both
 in its preparation and its delivery. She
 is a polished speaker, and from beginning
 to end of her discourse, holds her audi-
 ence in rapt interest upon a subject, than
 which none nobler has appealed to us in
 a century."

The lecture will afford an opportunity
 for the people of Maysville to testify
 their appreciation of the successful efforts
 of these self-sacrificing ladies, the Sisters
 of the Visitation, in our midst, by attend-
 ing in large numbers.

INSURE with W. R. Warder, Court street.

AT REST.

**Mrs. E. H. Martin Passes Away After
 a Lingerin Illness.**

Death's cold visage has darkened an-
 other one of Maysville's happy homes.

At 9:25 o'clock yesterday morning, Mrs.
 E. H. Martin passed away at the home of
 her mother, Mrs. Matilda Stockton, on
 West Second street.

She had been lingering at death's por-
 tals several days, and the sad news was
 not unexpected. Yet the announcement
 brought deep grief to her many friends,
 and their heartfelt sympathy goes out to
 the sorrow-stricken husband.

Deceased was a daughter of the late
 Colonel John M. Stockton, and was
 twenty-seven years of age. September
 10, 1889, she was united in marriage to
 Mr. E. H. Martin, member of the firm of
 Bierbower & Co. Six or eight weeks ago
 she became ill, and though all that lov-
 ing hands and medical skill could do was
 done, yet it was without avail. She
 leaves one child, a daughter about three
 months of age.

The funeral tak s place this afternoon
 at 3 o'clock at the residence. Services by
 Dr. Hays.

Cannon Laundry Company.

The Cannon Laundry Company having
 rented the adjoining building and got all
 their new machinery placed are able to
 do laundry work with neatness and dis-
 patch. The placing of one of the largest
 steam mangles made, in their plant, will
 enable them to do all plain work, such as
 sheets, slips, towels, table cloths, napkins
 &c. &c, for one cent each—all other
 pieces in family washing equally low.
 They have also engaged Mr. C. A. West,
 a practical and thorough laundryman
 from Eastern laundries, which fe-
 guarantees that the laundry and its fac-
 ilities for doing first-class work and at short
 notice hereafter will be surpassed by
 none. Every one, especially ladies, is
 cordially invited to call and see how
 work is done. Get prices on family
 washing. Work called for and delivered
 free of charge. Agents wanted in all
 towns. Write for terms.

SOME MINER MATTERS.

What gift has Providence bestowed on man

That is as dear to him as his children?

—Cicero.

Every father wants his children sup-
 plied with good, substantial Shoes. There
 must be something more than service,
 however. With the most solid leather
 Shoe made there should be style. By
 style we mean a fine appearance, good
 looks and nice fitting. The old copper-
 tip Shoes of years gone past were solid,
 but just imagine a child wearing them
 to day.

Our Little Red School House Shoes are
 made so nicely fitting, the patterns used
 are adjusted so accurately to the well pre-
 pared lasts, that every Shoe is a thing of
 beauty, and we guarantee every pair to
 be solid leather in all parts and capable
 of the greatest amount of service.

Do you want the best School Shoe in
 the land?

Then try a pair of Little Red School
 House and you will be more than pleased.

LONDON GAS MEN.

Three thousand of Them Assemble at Woolwich.

LOCKOUT OF UNION FEARED.

They Adopt Resolutions Deprecating the Action of the Company in Erecting Barracks and Calling on the Military.

LONDON, Oct. 6.—Three thousand gas workers met at Woolwich yesterday and formally declared that the suspicions of the Gaslight and Coke company that they intended to strike were absolutely unfounded. Resolutions were adopted deprecating the action of the company in erecting barracks for contemplated new employees, and in securing the presence of the military, in anticipation of a strike. The truth is that the men are afraid that these preparations are for a different purpose than is announced. They are apprehensive lest an attempt is about to be made to force all union men to leave the company's employ, and thus break up the organization.

The Observer, in an article on the McKinley tariff, expresses the hope and the belief that the measure will by its stimulus to American manufactures, attract large numbers of the unemployed workmen from England to America, thus affording partial relief to the labor market here.

The Pope Perplexed.

LONDON, Oct. 6.—Advices from Rome state that the British ministry through its friends in that city is bringing all the influence possible to bear upon the pontiff against the bestowal of a cardinal's hat upon Archbishop Walsh, of Ireland. The effect of these appeals is not known, but it is said that the pope is deeply perplexed, as between the British government and the Irish people.

It is claimed, on behalf of the British government that the elevation, of the archbishop at this time would be an expression of approval on the part of Rome of the prelate's course in sanctioning the National league agitation and the plan of campaign, which have heretofore been condemned by the holy see. It is rumored in Rome that the opponents of Archbishop Walsh have obtained an assurance that he will not be promoted for some time to come, if ever.

Two More Letters from Jack the Ripper.

LONDON, Oct. 6.—The police have received two more letters signed by Jack the Ripper, and announcing the intention of that bloodthirsty unknown to commit fresh murders and mutilations. The police believe that the letters are genuine. Vigilance committees are being organized in the Whitechapel district, in expectation of a renewal of the Ripper's depredations. The police force has also been increased.

Revolution Apprehended in Hayti.

LONDON, Oct. 6.—A despatch from Kingston, Jamaica, represents that another revolution is apprehended in Hayti; that the financial condition of the republic is unsatisfactory, and that the exports show an alarming decrease of trade, owing partly to the decrease of production during the recent warfare. Cooies are to be imported to cultivate neglected plantations.

Expelling the Jews from Russia.

LONDON, Oct. 6.—Several wealthy Jewish merchants of Odessa have been ordered by the authorities to settle up their business within four weeks and leave Russian territory. No charge is made against them except that they are Jews. The trade of Odessa is largely in Jewish hands, as is indeed that of most Russian cities.

Labor Troubles in Australia.

LONDON, Oct. 6.—A despatch from Melbourne, Australia, represents that the strike there is still in progress, and no settlement has been arrived at, though the number of non-union laborers is increasing. The strikers' telegraph asking British workmen not to believe vague rumors that funds are required to insure success.

People in Ireland Starving.

LONDON, Oct. 6.—Several deaths are reported from the Island of Achill on the west coast of Ireland, owing to a lack of proper food and indirectly to the failure of the potato crop. The condition of the inhabitants on this and other islands is being investigated by order of the government, but no relief has so far been extended.

Cologne's Ignorant Police.

LONDON, Oct. 6.—The German ambassador to the court of St. James has expressed the regret of his government for a mistake made by the police at Cologne in arresting two Englishmen who were engaged in sketching a church in the outskirts of that city, and who were supposed to be French spies sketching a fort.

Farmer Killed at a Railway Crossing.

LOGANSPORT, Ind., Oct. 6.—The fast express on the Pan-Handle, due here from Chicago shortly after noon Saturday, struck a carriage containing Thomas Burton and a 1-year-old child, at Royal Center, in this county. Burton was hurled seventy-five feet and instantly killed, his head being crushed. The child was thrown almost as far, but is still alive and does not seem to be badly injured. One horse attached to the carriage was killed, the other badly injured. The buggy was crushed to splinters. The accident happened within the limits of the town, and the buildings hid the train, which does not stop there, from view. Burton was a prosperous farmer of this county, and was about 30 years of age.

Ruin Wrought by Prairie Fires.

ELBOW LAKE, Minn., Oct. 6.—The greater portion of Lawrence township, in this county, has been devastated by prairie fires. Dozens of farmers lost all their crops, houses, farm buildings and machinery, and are in an impoverished condition. It is estimated that the loss will aggregate \$10,000 or \$50,000. The fire started from cinders dumped on the roadway by a farm engine.

MORE TRAIN ROBBERIES.

An Attempt Made to Rob a Wells, Fargo & Company's Express Car.

LIMA, O., Oct. 6.—Friday night when No. 1 train, due from the east at 1 o'clock, on the Chicago and Erie road, reached here, the conductor reported the frustration of an attempt which was made between Kenton and this city to rob the Wells, Fargo & Company's express car. Soon after leaving Kenton three men were discovered on the front platform of the express car.

The train was stopped, but they got on again after it had started. The train was stopped three times between Kenton and Foraker, east of this city before the men could be gotten rid of. They answered the description of the men who robbed the express car near Bellefontaine Thursday night. There was over \$100,000 in currency for western banks in the car.

There is a scheme to build a railroad through Canada, with a terminus in Nova Scotia, and a branch with New York city and connection with a trans-Atlantic line of steamships. It is backed by \$12,000,000 of capital.

There was a wild rush of the importers of New York to enter late arrivals of goods before the new tariff law went into effect. The custom house was kept open till midnight. The receipts for Friday were about \$1,250,000.

It is announced that National trades unions are soon to be organized by the marble cutters, coopers, retail clerks and vessel-loaders and longshoremen, and that they will affiliate with the American Federation of Labor.

The campaign in Hamilton county was opened Saturday night with a Republican meeting in Cumminsville, addressed by Congressman Caldwell, and another in the Twenty-seventh ward, addressed by Hon. Bellamy Storor.

Hidden Treasures Found.

SPRINGFIELD, O., Oct. 6.—John Riley, a carpenter, while tearing up the half-rotted floor in the kitchen of Mrs. Nolan's house in Urbana, Saturday, found a small sack, mildewed and dusty, which contained about \$5,000 in gold, silver and bills. Both Riley and Mrs. Nolan claim the money. The rightful owners are believed to be a Mr. and Mrs. Fitzpatrick, who formerly owned and lived in the house. They went west a few years ago and their whereabouts are not known.

An Indiana Giant.

MARTINSVILLE, Ind., Oct. 6.—John H. Craig, of Danville, Hendricks county, probably the heaviest man in the world, is in the city. Mr. Craig's present weight is 907 pounds. He stands six feet five inches in his stocking feet. He is a fluent conversationalist, and is a member of all the secret societies of the town in which he resides.

Conductors and Drivers Want Mor Pay. CHICAGO, Oct. 6.—The adjourned meeting of the West Side Conductors' and Drivers' association was held last night, and a committee of five appointed to wait on General Manager Parsons and ask an increase of pay to the same rate paid the South Side men—thirty cents an hour.

Alliance Candidates Indorsed.

RISEING SUN, Ind., Oct. 6.—The joint senatorial and representative convention of Dearborn, Switzerland and Ohio counties was held here Saturday, and the Farmers' Alliance candidates for joint senator and representative were indorsed, viz.: For senator, John W. Coffield, of Ohio county; for representative, Edward A. Hall, of Switzerland county.

Insurance Agent Arrested.

TERRE HAUTE, Ind., Oct. 6.—William M. Castleman, agent of the Life Insurance Company of Virginia, was arrested by the police on charges preferred by the officers of the company that Castleman had embezzled funds in his hands. He is now in jail, having failed to procure bond. Castleman recently had similar trouble at Evansville.

Green Goods Handlers Locked Up.

NEW YORK, Oct. 6.—Two young men, Robert D. George and James F. Hadley, of Limestone county, Ala., were remanded at the Yorkville court on the charge of dealing in "green goods." A complete outfit of green tinted paper, tied up to resemble rolls of bills and \$1,800 in genuine money were found in their possession.

Election in Covington, Kentucky.

CINCINNATI, Oct. 6.—The municipal election in Covington, Ky., Saturday resulted in a Republican victory. J. F. Thomas was elected mayor, and besides the Republicans secured three of four aldermen, the city weigher, half the councilmen and half of the school trustees. The Democrats elected the city assessor.
